Coding Challenge Day 4 (Week 5)

StudentManagment Spring 4

Problem Statement

Spring Flowers school wants to manage their students online:-

User Stories:-

1. As a Student, I should be able to see my name on the top of the application on every page once I have logged in the application

2. As a Student, I should be able to add comments after each subject activity.

3. As a Student, I should be able to see "extraActivity" Menu option on the welcome page.

4. As a Student, I should be able to enter the extra activities I have done for the day on the extra activity page.

5. As a Student , Once submit I should be able to see the activity on the welcome page

Instructions:-

1. Please use spring 3 as a boilerplate of spring 4
2. Please use HTML 5 and CSS 3 concepts
3. Try to make a proper application
4. Deploy the application on http server
5. Please make sure the application should Responsive.
6. Use JavaScript for Onclick activities
